

Air Zoo Sky Kids Club - An Exciting Benefit for Young Members!

The Air Zoo Sky Kids Club is a FREE program for 6 – 11 year old Air Zoo members that’s sure to ignite young minds and inspire a passion for science, technology, engineering, art, and mathematics (STEAM)! Focused on fun and exciting hands-on, interactive experiences, club members have the opportunity to participate in TONS of exclusive, age-appropriate events, contests, behind the scenes activities, and birthday surprises. There are no attendance requirements or ongoing commitments for the club, so members are free to participate as much, or as little, as they’d like!

In addition to numerous club benefits & activities, the Air Zoo will host exclusive Sky Kids Club events every month, which will be posted on the [Calendar page](#) of the Air Zoo's website, www.AirZoo.org. These events offer club members a variety of exciting, hands-on experiences, including building activities, experiments, competitions, and much more! Don’t miss this opportunity! Help inspire a passion for science education by enrolling your 6-11 year old(s) in the Air Zoo Sky Kids Club today!

To enroll your 6-11 year old, fill out and submit form below.
